

Galileo Systems Group: Client Self-Assessment

Thank you for your interest in Galileo’s Managed IT and Cybersecurity solutions. Please take a moment to review and answer the following questions. These are intended to guide you in your decision of whether managed IT and Cybersecurity services are right for you!

- How do you ensure that your client / patient data is safe and secure?
 - Our internal I.T. staff handles that
 - Anti-Virus software (McAfee, Norton)
 - Managed (Outsourced) I.T. services
 - I don’t know / We don’t have a solution

- What would happen if someone were to gain access to your database? What kind of information would they be able to see?
 - Social Security Numbers
 - Banking Information
 - Home Addresses
 - Medical Information
 - Your Own Private Business Information
 - All of the Above

- How do you manage your data backups?
 - We manually back up each computer
 - Our internal I.T. staff handles that
 - Managed (Outsourced) I.T. services
 - I don’t know / We don’t back up our data

*The intent of this survey is to help you assess whether your IT and Cybersecurity needs are being supported the way they should be. If, after completing this survey, you would like to learn more about how **Galileo Systems Group** can partner with you to fill these needs, please don’t hesitate to either reach out or visit our website (information below).*
